

1. Print and color. Cut out the shark card. Also cut a rectangle that is the same size as the card out of red construction paper.
2. Fold the red paper in half. Also fold the card in half - following the dashed line. The shark image must be on the outside of the folded paper.
3. Cut along the zig zag line between the shark teeth.
4. Fold along the diagonal dashed lines on the shark's body. Unfold. Open up the card.
5. Push the fingers inside the shark's mouth - from the back of the card and slowly close the card, with the image on the inside.
6. Stick the shark card inside the red construction paper card. All done!
